

## Student Athlete Permission Slip for Athletic Contest Transportation

Student athletes are expected to travel with the team to an athletic contest and return with the team on the team bus. However, during the pandemic a parent may request to transport their student athlete.

Students must have prior approval of the athletic director if they are not riding the bus to or from an athletic event. The coach must personally release the student to the parent or parent designee after the contest. Student athletes may not be released to another student or parent for transportation.

Student athletes traveling in a private vehicle are not covered by the South Whidbey School District transportation insurance policy.
